**Vendor Questions for RFP # 7458323 Web-Based Physical Activity Tracking
Program/Platform Administration Services**

Question 1: Do you have a content management system in mind for your RFP 7458323?

Answer to question 1:

The State will not make any updates/edits to the physical activity program/platform. Any content or programming changes will be done by the vendor.

As stated in the RFP, the State is seeking a product which has been offered on the market for at least two years and that the vendor provide references for prior clients who have utilized their physical activity program/platform. The State is not interested in building a program "from scratch," given time and budgetary restrictions.
